To calculate the cost of service package per trap — you should divide the price of service package on the quantity of the traps

VIP Service package is included the following scope of work:

1 We deliver the required quantity of CO2 tanks (CO2 gas cylinders) and mosquito attractants one time in a month

We change the empty CO2 gas cylinders into full ones with carbon dioxide and provide you with 1 Premium Mosquito attractant or 2 Standard Mosquito attractants. Shipping is included in the price.

2 AERO Trap maintenance during the warranty period — 5 years

Pre-season preparation, we will prepare your trap for its busy season (diagnostics, cleaning, assembly and configuration of the system, in case of a malfunction and the need to be repaired — a replacement trap is provided — free of charge).

3 Service Technician visits are included in the price (no more than one visit per month)
